

**What's on today?**

**UV Alert**

Sun protection recommended from 8:50 am to 4:50 pm, UV Index predicted to reach 9 [Very High]

**Bulletin**

Today is the last day that the canteen will be open for this school year. At lunchtime there will be a variety of food on offer, so if there is something in particular you would like for lunch please order it at the canteen at recess time.

Merry Christmas everyone from the Canteen Staff

**MDT PROJECTS:** All completed MDT projects must be taken home by Wednesday December 18. Anything left beyond that date will be recycled. To make our annual clean up easier, it would be really good if all completed projects could be taken home the next time you have a tech class. Thanks.
